AutoMap Archive

Minecraft AutoMap
- The definitive navigation tool for Minecraft -

This is the AutoMap Archive. Here you will find some previous versions of AutoMap. If the version you desire is not available here, please contact me. I can locate specific versions upon request and add them to this list.

AutoMap Version	Supported Minecraft Version	Notes
Minecraft AutoMap 0.7.9.2	Minecraft 1.9	Source Some features broken
Minecraft AutoMap 0.7.9.1	Minecraft 1.8	Source Some features broken It is highly recommended that you set the maximum realtime map width to 128 or lower. Only the java source changed since the previous version.
